We understand that your home is one of life's biggest decisions, in every aspect, including style of course. When building a home, you are looking for unique solutions that suit your lifestyle, so naturally, the materials you decide to use are an important and enduring choice.

With the extensive range of Brickworks products, you can create a beautiful, long-lasting home that will give you great pleasure, comfort and durability for a lifetime.

Style and innovation for your way of life.

life meets
STYLE

“The evolution of style is something I am really passionate about. My personal style is about self-expression and innovation as well as classic qualities that stand the test of time. Bricks are the starting point of beautiful homes, great structures and well-designed spaces and present endless opportunities for design visions. This journey with Brickworks means that I can take my love of style and function into the built environment and I’m really excited about the design possibilities.”

the future of
DESIGN

Be inspired by form, function, colour and texture for your home with our Style Collaborators

“This unique range of curated colour palettes have been carefully designed to meet the needs of the style-conscious consumer - you. These schemes speak to current trends and have been created with longevity and enduring style in mind. We have used our industry insider knowledge and interpreted what’s happening in the market now as well as looking to the future of residential design.”

Kim Chadwick

Trend Forecast Director

“A home really comes to life when you add that third dimension of colour and texture to the floor plan. No matter whether you’re a traditionalist or looking to push visual design boundaries, one of these palettes is sure to perfectly complement your style. In working on these palettes I visualised our customers and developed suites that would suit their style and lifestyle needs and enable them to use colour and texture to enhance and highlight design elements.”
