Engineered for heavy haulage and container terminals, airports, service stations, warehousing and industrial sites.

Interlock™ and Techpave™ Pavers

Austral Masonry Interlock paver is a high performance segmental concrete paving system engineered for high volume traffic, heavy loadings and poor foundation support.

Interlock is ideal for areas such as heavy transport and container terminals, industrial facilities, aircraft terminals etc. Techpave is generally used as header and border rows in Interlock installations.

Benefits

- Resistance to rutting
- Strength to withstand high point loadings
- Elimination of shrinkage, cracking and joint stepping
- Ready access to underground services and easy rehabilitation
- High skid resistance

Extensive design and installation information and assistance is available from the Lockpave program which is available from the Concrete Masonry Association of Australia, (CMAA)
Tel: (02) 9903 7760, or visit the Website: www.cmaa.com.au

Austral Masonry Interlock and Techpave pavers have been tested to AS/NZS4456.10 and can be used in saline environments.

Specifications and additional information

| | |
|-----------------------------------|---|
| Content | Cement, sand, aggregate, colour oxide |
| Dimensional Category | DPB1 |
| Characteristic Breaking Load (kN) | > 10 |
| Abrasion Resistance Index | < 5 (for roads) |
| Slip Resistance Class | V |
| Salt Tested to AS/NZS4456.10 | Yes |
| Liability to Effloresce | Nil to Slight |
| Manufacturing and Test Standard | AS/NZS4455, 4456 and 4586 |
| Ordering Requirements | Made-to-Order (Minimum quantity applies) |
| Lead Time | 4-6 weeks |
| Bulk Ordering | Requires extended lead times of more than 6 weeks |

- 1. Stock colours.** Colours other than stock colours are made to order. Contact your nearest Austral Masonry office for your area's stock colours. A surcharge applies to orders less than the set minimum quantity.
- 2. Colour and texture variation.** The supply of raw materials can vary over time. In addition, variation can occur between product types and production batches.
- 3.** We reserve the right to change the details in this publication without notice.
- 4.** For a full set of Terms & Conditions of Sale please contact your nearest Austral Masonry sales office.
- 5. Important Notice.** Please consult with your local council for design regulations prior to the construction of your wall. Councils in general require those walls over 0.5m in height and/or where there is loading such as a car or house near the wall be designed and certified by a suitably qualified engineer.
